

EDUCATE. PROMOTE.
PROTECT.

SWELL WOLF EDUCATION CENTRE.

OUR MISSION

At the centre, our goal is to educate the public, schools and community groups of the vital importance of wolves in healthy ecosystems. Without wolves exercising their keystone role, ecosystems rapidly deteriorate.

Participants will be educated in the way that our First Nations people revered the wolf and saw it as their brother. Many legends & stories will be told.

Participants will also learn the importance of wolf family group (pack) stability. By exploiting these family groups, their behaviour becomes unstable.

NAHANNI

ACTIVITIES @ THE CENTRE

Participants will be able to engage in the following activities:

- Go for a walk with Tundra
- Observe Nahanni & Mahikan howl
- Watch videos of the wolves engaging in wolf behaviour
- Take photos of the wolves

DAYS OPEN

Tuesday, Thursday & Saturday
